[Sheffield Murals - Christian Heritage](#)

The historical roots of each Christian denomination in Kentish along with approximately 140 people are depicted in this mural. The mural shows the arrival of the first Methodist clergyman in 1860, the Christian Brethren evangelists meeting in farmers' barns and the building of the Anglican and Salvation Army Churches.

We also see the huge crowds that came to respond to Joseph Lyons (later to become Prime Minister) as he appealed for funds to build the Catholic Church and the spectacular fire which gutted the Baptist Tabernacle in 1930. The mural includes an impression of the many who have left for overseas in mission fields.
